international training
to deliver the project
learning resources
and prepare the future's
social innovators

EMPOWERING THE SOCIAL INNOVATORS OF THE FUTURE

The goal of Tomorrow's Land is to develop the next generation of social innovators fully capable of influencing and contributing to a better and more inclusive society. Based on a creative methodology design, Tomorrow's Land aims to capture insights of the future of social innovation in the collaborative economy.

These insights will constitute the cornerstone of future scenarios and provide the basis for social innovator's learning framework. Tomorrow's Land will deliver training resources and a high quality MOOC to support the development of key knowledge and competences required for future social innovators to succeed.

[TOMORROW'S LAND MOOC]

Online by february 2018

[CHAMPIONS OF CHANGE]

One week learning experience for trainers

[LEARNING BOOTCAMP]

One week learning experience for social innovators
